

September 15, 2025**Closure of Main Office and Continuation of Digital Operations**

DWK Realty Group LLC hereby informs its clients, partners, and collaborators that, as of October 15, 2025, the Company will permanently close its main office location.

This decision is taken with deep regret and is due to circumstances entirely beyond our control, as the building in which our current office is located has been fully acquired by UPS, which will establish its new offices in this area of the city.

We would like to reassure all our clients and strategic partners that DWK Realty Group LLC will continue to operate without interruption through a digital operating model, maintaining the same level of availability, professionalism, and service quality that has always characterized our company.

During this transition period, our firm is actively moving forward with the development and construction of its new corporate offices in Doral, Florida.

This represents a significant and strategic step in the continued growth of our organization.

As a result of this situation, we are pleased to share that we are building our own offices, designed to be fully modern, innovative, and technologically advanced, in order to continue serving you with enhanced infrastructure and an even stronger operational platform — working with you and for you.

Our current corporate address remains:

DWK Realty Group LLC
9416 NE 2nd Avenue
Miami Shores, FL 33138

Once the final address of our new offices in Doral has been officially confirmed, it will be communicated promptly through our corporate website.

We sincerely thank you for your continued trust in DWK Realty Group LLC and reaffirm our full commitment to delivering our services with the highest standards of professionalism, responsiveness, and excellence.

Sincerely,

PATRIZIA BONADUCE
President & Director
DWK Realty Group LLC
